

Star Wars Movie Series in Chronological Order

by [CountRonin](#) | created - 30 May 2017 | updated - 10 Nov 2019 | Public

I averaged the ratings (of the titles that are actually out):
7.1 stars out of 518,983

Just updated today (May 25, 2018) to get Rogue One and Solo in the right order and add Episode 9

Just updated today (May 26, 2018) to add the Ewok movies and Revelations, and to add the genres and ratings. I also deleted some of my comment responses

Just updated June 5, 2018 to put a note on Revelations that says "unofficial", and to put Solo in the right place... again

Updated August 31, 2018 to put the Ewok movies in the right order

Since I have yet to recover my Facebook account, I will post my comment responses here:

*Star Wars Rebels will never be on this particular list because it is a show, not a movie

*Caravan of Courage was a back-up plan George Lucas had if Star Wars was not successful. But it was successful so Empire Strikes Back was released instead. Wait, never mind. Just found out that I was thinking of something completely different. Caravan of Courage, as it turns out, is an Ewok movie

*Star Wars Droids will also never be on this particular list for the same reason why Star Wars Rebels will never be on this list

*"Get off the interwebs"? This is a list of the full Star Wars movie series. I have to include everything. Even the only 3 that are considered bad. The only movies on this list that I have not seen are The Holiday Special, The Ewok Adventure (a.k.a. Caravan of Courage), Battle for Endor, and Revelations

*Okay yes I know that Revelations is not canon but there was also a comment that said "Where is Revelations" or something like that. I could put a note on it that says "Unofficial"
